External Study Credit Granting with Qualtrics

Here are the basic steps, which are subject to change (since the product is controlled by Qualtrics):

1. On your Sona Systems site, change the Study URL so it includes `?id=%SURVEY_CODE%` in the URL. So if the Qualtrics URL `https://yourschool.qualtrics.com/jfe/form/SV_b9ZD41hMZaqE` then change it to `https://yourschool.qualtrics.com/jfe/form/SV_b9ZD41hMZaqE?id=%SURVEY_CODE%` (Note: "id" must be in lower-case)

Note: If your Qualtrics URL has "/SE/" in it, like `https://yourschool.qualtrics.com/SE/?SID=SV_b9ZD41hMZaqE` then this is the c Link (`https://www.qualtrics.com/support/survey-platform/distributions-module/web-distribution/anonymous-link/`), or instead of ad ? to &).

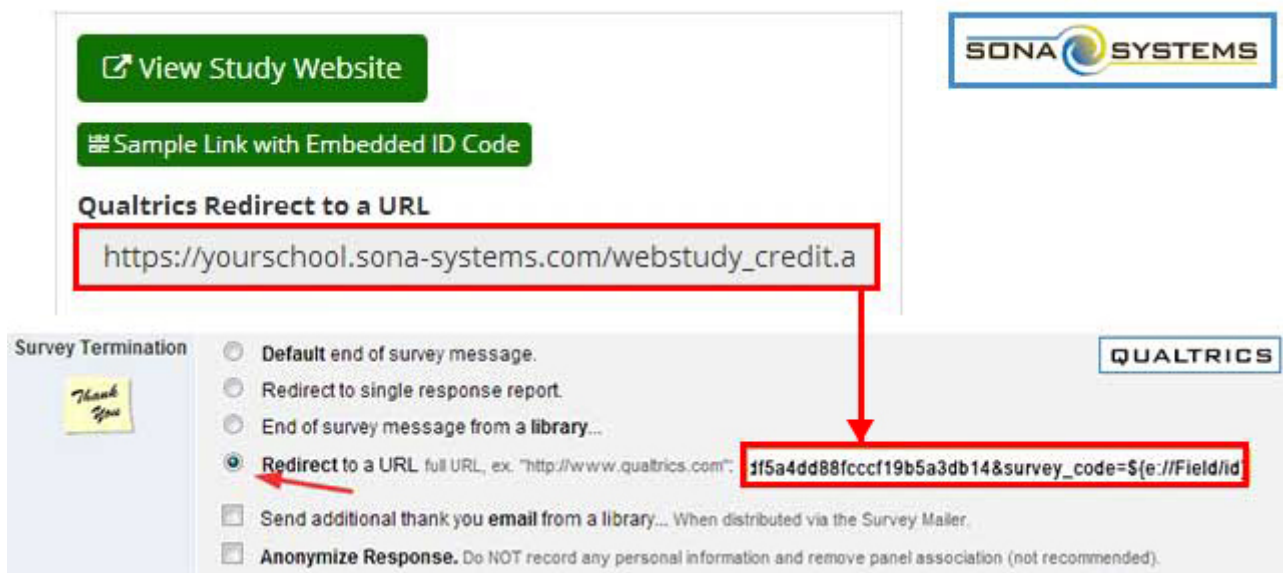

2. Having completed Step 1, the Study Information on your Sona Systems site now displays a URL labeled "Qualtrics Redirect to a embedded data field named "id". Remember to use lower-case as this is case-sensitive. To do this, go to Survey Flow | Add a N

3. In Qualtrics, configure the Survey Options | Survey Termination | Redirect to a Full URL option, and provide the Qualtrics Redirect the unaltered value from Sona into Qualtrics).

Note: If you have an End of Survey element set up in Survey Flow, you will need to add the URL there also. Go to Survey Flow system into the Redirect to a URL field in Qualtrics.

The Integration Testing Instructions can be found here ([integration_test.aspx](#))

These features are described on Qualtrics' site at the following URL:

("Passing Information Through Query Strings") <https://www.qualtrics.com/support/integrations/api-integration/passing-information-integration/passing-information-through-query-strings/>)
